

Isaac Striker

Freelance Web Developer/Designer, looking to be hired as a full-time employee

Bethel, VT 05032

istriker780@gmail.com

1-802-565-0434

Hi! My name is Isaac Striker. I'm a self-taught developer/designer, and I enjoy making applications in Ruby and React. Some of my favorite web application and development tools include: HTML5, CSS3, JavaScript, React, Ruby/Ruby on Rails, Git, GitHub, and Heroku. I love to learn new coding languages and industry techniques. Shoot me an email if you're interested in hiring me, or visit my portfolio site, which is continually being updated:

Authorized to work in the US for any employer

Work Experience

Freelance Web Developer/Designer

Self-Employed - Bethel, VT

Present

As a freelance developer and designer, I love challenging myself and creating new applications. I'm currently working on some back-end oriented projects, which I'll be adding to my portfolio site. As a developer/designer, I've:

1. Completed a portfolio site
2. Successfully completed the Odin Project
3. Made many mistakes along the way
4. Improved my personal attitude and patience
5. Become far more knowledgeable of the industry
6. Spent many hours scratching my head, trying to solve problems
7. And most of all, I've realized that with all the headaches and all the raging, I know that software/web development and design is my obsession and my passion
